interprofessional education. This study
examines the costs and benefits of
interprofessional education (IPE) to
prepare nursing and medical students to
work collaboratively in clinical settings.

The study explores attitudes toward, perceptions of, and knowledge of IPE of selected university students at the University of Manchester, England. Questionnaire data were analyzed using descriptive and comparative statistics to determine the key issues that undergraduate students are likely to relate to IPE. Attitudes toward, perceptions of, and knowledge of IPE of the students were satisfactory.

How to watch Dragonball Z on any smartphone or TV, such us iPhone, Android, Fire,. Zenkai TV.A modified Wilson loop to probe B-A string tension. We show that in lattice compact QED, a modified Wilson loop measuring the free energy between static (B-A) static (A-B) branes is equivalent to the area of the overlap region, avoiding the need to introduce a UV cut-off. The Wilson loop has the same form as the Wilson loop previously used to determine the string tension, but is modified through the replacement of the Wilson-line phase factor by a modified Bessel function. The gluon propagator computed from the Wilson loop in lattice compact QED

agrees with that of ordinary compact QED on the lattice at large k . At small k , this agrees with the propagator computed in the continuum and in perturbation theory up to two loop.

Q: one-to-one(1-1) relationship first.object.id is ignored in hibernate i have one-to-one(1-1) relationship and the 'first.object.id' is ignored, instead, on entity A, when finding entity B: @Column(name = "FK_A_B_ID", unique = true, nullable = false, insertable = false, updatable = false) @JoinColumn(name = "ID_A_B", referencedColumnName = "ID") private Long id; // Other fields and getters and setters... public Long getId() { return this.id; } But in entity B, when finding entity A: @OneToOne(cascade = CascadeType.ALL) @JoinColumn(name = "ID_B", referencedColumnName = "ID", foreignKey = @ForeignKey(name = "FK_B_A")) private A first; // Other fields and getters and setters... public A
